

NATIONAL HISTORY DAY PARTICIPANTS!

The East Side Freedom Library invites students to benefit from our rich resources and our experienced mentors.

INNOVATION IN HISTORY: IMPACT, INFLUENCE, CHANGE

The 2027 National History Day theme asks students to think about significant changes in history and the reactions to those changes. Are students interested in racial justice, labor activism, women's rights, immigrant history, GLBTQ+ movements, environmental activism, and more? Send them to the East Side Freedom Library to find rich resources (books, art, music, and more) for their research and experienced mentors eager to help them shape their project. We have worked effectively with local students for the past ten years.

**EVERY SATURDAY MORNING, 10AM TO NOON
BEGINNING NOVEMBER 14, 2026**

We encourage students to make an appointment by emailing peter@eastsidefreedomlibrary.org, and that they be prepared to follow our safety protocols, including wearing a mask if asked (as we are unsure what our precautions will be as we get deeper into the fall). After their initial mentoring consultation, they will be welcome to come at other times to use our resources, and our mentors will be available for one-on-one conversations, in person or remotely. If you would like to speak with us, feel free to call us at 651-230-3294.

We look forward to working with you!
